Gigantic Holland
AMARYLLIS

Dutch growers have produced Amaryllis strains which are now unsurpassed in beauty. Gloriously, the beauty of nature reveals itself in these mighty flowers, which are borne on strong, sturdy stems. It is amazing and exciting to see the flower buds emerge from the large bulbs only a few weeks after planting, and burst into such gigantic, glorious blooms—opening 8 inches across! Often, more flower buds emerge after the first have finished blooming. Your investment in **Royal Dutch Amaryllis** will pay dividends in beauty each year as the original bulbs last many, many years.

Spring-Flowering Lilies

The varieties illustrated to the right have been specially selected for their early and spring blooming characteristics. They will provide ample color and delightful fragrance in your garden in late spring, after early Spring-flowering bulbs have finished blooming.

No other plants possess as many charms as Lilies. Available in such a variety of shapes and rich colors, they are stately in form and of such delicious fragrance that they stand out prominently.

Lilies do best in the hardy border or among shrubbery. They love to have their "heads" in the sun and feet in the shade"—so provide a location where the base of the plant will be somewhat shaded. Once established, Lilies increase in beauty year after year.

LONGIFLORUM (Easter Lily). An exceptionally fine Lily bearing large, pure white, trumpet-shaped flowers on stems 2 feet tall. Delightfully fragrant and a prolific bloomer. A perfect Lily for the border and an excellent variety for growing in pots. Blooms in July.

10 for \$4.50

AURATUM (Gold-banded Japan Lily). A spectacular Lily of astounding beauty. Bears an abundance of magnificent, trumpet-shaped flowers of waxy white, delicately spotted crimson and with a predominant golden yellow band running through the center of the petals. A delightfully fragrant Lily, which will grow 3 to 6 feet tall and produce more and more blooms with each passing year. There is no doubt that this is one of the finest of all Lilies. Blooms in August.

Each 70c

Hardy Garden Lilies

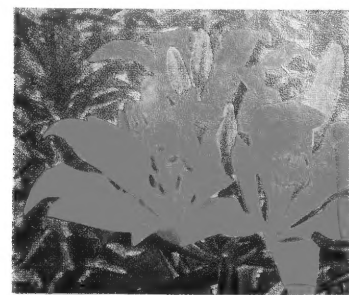

REGALE. One of the finest trumpet varieties available—a splendid, regal beauty! White flowers, slightly yellow in throat. The outside of the petals is flushed delicate lilac-pink. A very sturdy and vigorous Lily which bears its magnificent flowers on strong stems 3 to 5 feet tall. Each year, as the plant becomes established, more and more delightful trumpets are produced. Blooms in July.

Each 40c

ORANGE TRIUMPH. One of the earliest Lilies to bloom. The handsome new variety produces massive, chalice-shaped flowers of a remarkably brilliant orange color. The bold flowers are upward facing and carried on 3½-foot stems. It is ideal for creating mass effects in the garden and blooms profusely when established. For bolder effects, plant in groups of at least three. June flowering.
